## What is Field Day?? June 22 – 23 Valley View Park Waterloo ,Iowa

**Field Day** is a chance to test our readiness to respond to an emergency. Now that I have said that we can get on to the fun of it. Field Day is also a great time. Work rigs you don't own but would like to check out. Sit and talk to other HAMs you have not seen for a bit. Play with antennas. Do a demo on HAM radio. It is your Field Day you can have some fun. Mostly it is a time that we can come together and show the public why we have been given the right to operate on the bands we can. The bands are a gift. But we need to show our readiness to give back to the people of this country something we want to give if needed!! On 9 11 last year HAMs stepped up to help in New York. Lets show our friends here in Black Hawk county we

are ready to do the same if needed. The neat part is we get have fun doing it! Please join us! How do I need to help?? All of you!! It is your Field Day.

Thanks and 73's
